

GOLF TUITION & CUSTOM FIT

As well as being a thriving driving range and course we also offer golf tuition from our resident head teaching professional, Stewart Fraser, who has over two decades worth of experience in the industry

30 Minute Lesson - **£20.00**

1 Hour Lesson - **£35.00**

6 for 5 Golf Lessons - **£175.00**

We offer a custom fit experience that is second to none with every shaft and head combination available.

A custom fit is free of charge when you purchase a set of clubs. When you are out-laying a large sum of money on new hardware it makes sense to take advantage of a free service to make sure your investment is right for you.

The latest golfing equipment is jam-packed with new technology and forever promising to improve forgiveness, power and adjust-ability, but is becoming of little value unless custom fit.

To really see the improvement of technology making the most of professional advice on shaft flex, loft, lie and weight distribution will go a long way.

We have a number of trained custom fitters and PGA Pros that use their experience, backed up with accurate data supplied by a FlightScope Launch Monitor, to ensure you're fit for the clubs that best suit your game
